Dear Members:

I just received my copy of the March 2012 Bryn Mawr Bugle, with a front-page article on Redistricting "dividing Bryn Mawr".

There is a copy of the letter sent to you from the Bryn Mawr Association President, urging you to keep Bryn Mawr a "united neighborhood", alongside the article.

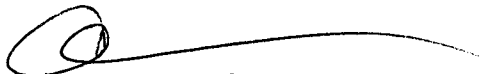

Many of us (residents south of 394), do not want to be part of the Bryn Mawr association, and feel it is inappropriate for them to speak for us without consultation.

I called Marlin Prosehl, and asked if he had consulted with anyone south of 394 before writing the letter.

He did not.

Please take these facts into consideration when making your decision.

Truly,

Christopher Balser
